ACTIVITY REPORT

Outreach Activity	
Nature Of Activity:	Outreach
Program Name:	Awareness programme for Computer knowledge
Semester	Even Term (All Semester)
Date	**30th January 2024**
Venue	Shri. Sant Muktabai Madhyamik Vidyalaya
Coordinator	SAC Committee
No. of Students Participated	78

Objectives of the Activity

- To create awareness among the students about cyber fraud.
- To make the students aware about the ways to avoid cyber frauds.
- To let the students know about the types of cyber security.

Execution of Activity:

- Promoted cybersecurity awareness initiatives, creating a peer-to-peer learning environment.
- Given the knowledge of types of cybercrimes in today's world.
- Encourage the students about social media usage and highlight the potential consequences of oversharing personal information.

Outcomes

By prioritizing cybersecurity awareness, integrating it into the educational experience, and fostering a collaborative approach involving students, educators, and parents, institutions can create a safer online environment for students to thrive academically and personally.
